

## Notice of Proposed No Further Action

For

Simpson Timber (Arcata Redwood)  
Highway 101  
Smith River, California

Case Number 1TDN007

Del Norte County

**Notice Posting Date: September 25, 2019**

**End of Comment Period: November 25, 2019**

A soil and groundwater investigation was conducted at the above-referenced site and a release of petroleum hydrocarbons was documented. Although some contamination remains, this site meets the conditions for closure under the State Water Resources Control Board's "Low-Threat Underground Storage Tank Case Closure Policy." Investigations and cleanup were also conducted for discharges associated with the wood milling operations, including wood preservatives. Regional Water Board staff proposes that no further work be required. The purpose of this notice is to inform interested parties, including owners of nearby land, that the case is being considered for closure, and to invite public comment on this proposed decision.

### **Problem Description**

The discharge of petroleum hydrocarbons from underground storage tanks was documented at a northern parcel that included the truck shop for the mill. Historical discharges were also documented at the wood milling parcel. Site investigations and cleanups were conducted at these areas of concern.

### **Proposed Action**

Case closure is proposed. This site meets the conditions for closure under the State Water Resources Control Board's "Low-Threat Underground Storage Tank Case Closure Policy"
